## **Synopsis**

IN B.ed course of Sant.Gadgebaba Amaravati University Amaravati ,Internship program is being runned by semester II of part I . Students have to conduct class in various schools during this internship,. They have to used various educational tools ,techniques for teaching and learning .Through this internship program they got various experiences in the field of Teaching-Learning \_Evaluation .Internship is the way to put classroom knowledge in to practice . Now due to pandemic situation of COVID-19 It is not possible for teacher to teach through offline mode .So to overcome this situation ,the only way is online teaching mode .Teaching in online environment requires specific set of skills. Online teaching necessities moving beyond the traditional pedagogy. To adopt new more facilitative practices. Teachers need training and support to be willing to adopt new teaching paradigm.

In view of this we have decided to organize one add-on course on Digital Skills Development for students-Teachers .Government College of Education Akola in collaboration with Government College of Education Yavatmal is organizing part time Add-on course “Digital Skills for creative Teacher that is “DISC” with Special Partner R.L.T. Science College Akola . This course is designed to equip learners with essential digital skills .for the modern century workplace .
